

Release Summary

Deep Learning Diseases

Facebook

June 5th, 2023

Key User Stories:

Sprint 1:

- User Story 1: As a User I want to understand the benefits and disadvantages of the selected model algorithm.
- User Story 3: As a User I want to know where the data set for this model was obtained.

Acceptance Criteria:

- Explanatory README in project repo

Sprint 2:

- User Story 2: As a user I want to be able to understand how the product was built as well as how to use it.

Acceptance Criteria:

- In Depth User Installation Guide, User Manual, and design documents on repo

Sprint 3:

- N/A

Acceptance Criteria:

- N/A

Sprint 4:

- User Story 1: As a user, I want to view a working model.
- User Story 2: As a user, I want to be able to view the performance and outputs of the model

Acceptance Criteria:

- ML model source code and Model test results output

Known Problems:

N/A

Product Backlog:

- Sprint 3:
 - User Story 4: As a user, I want to see a visualization of the input data for this model.
